

it fits.

AMSCO[®] 2500
Washer/Disinfector

 STERIS

the first washer designed for your facility.

The market is full of big washers designed for big hospitals with big resources. But the AMSCO® 2500 Washer/Disinfector from STERIS is different. It fits your facility and it fits your needs.

IT FITS YOUR BUDGET

- Comes ready to use with 3 level rack — no additional equipment or accessories needed
- ProConnect® Remote Monitoring helps maximize your uptime and minimize your maintenance needs
- Meets ISO 15883-1, ISO 15883-2 and equivalent ANSI/AAMI standards for washer/disinfectors and disinfection

IT FITS YOUR SPACE

- Small footprint fits your existing sterile processing space
- No additional transport accessories needed
- Eliminate manual record keeping and reduce paperwork with USB download

SAVE ON UTILITIES USES 70% LESS WATER PER CYCLE

31 GALLONS
PER CYCLE

99 GALLONS
PER CYCLE

AMSCO®
2500 W/D

RELIANCE®

Process a wide variety of surgical instruments and devices with just one rack

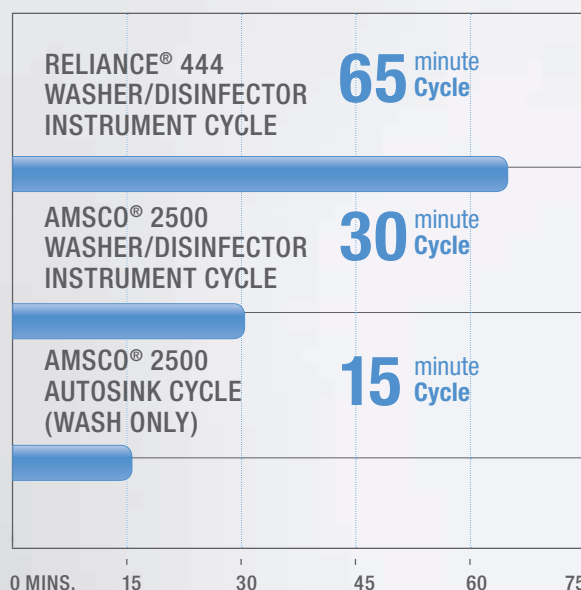

Easy-to-read display lets you know when your instruments will be ready

IT FITS YOUR SCHEDULE

- Easy-to-use controls and manual doors make operation and training simple
- Faster cycle times increase productivity, allowing you to run more cycles per hour
- Automate your manual cleaning process with the 15-minute AutoSink cycle

Electric heat, non-vented, double door units are compared.

As The Healthcare Environment Continues to Change, the need for efficiency and instantaneous information grows. Partner with STERIS to maximize your entire perioperative loop. STERIS solutions work together to maximize your equipment and your staff.

Equipment Performance Management and ProConnect® Remote Monitoring System

Maximize uptime in your SPD. Imagine getting the most out of your equipment and get the real-time information you need with STERIS.

- **See** real-time and historical equipment information
- **Act** quickly before issues arise
- **Excel** in a highly efficient CSSD

STERIS Service

Choose the service solution that's right for you and your budget. With over 800 technicians world-wide, you'll be sure to receive a response 24/7 when you need it most.

Prolystica® Cleaning Chemistries

Get the most out of your washer and prolong instrument life with Prolystica's concentrated, quick-rinsing chemistries. Available in enzymatic, neutral detergent and alkaline detergent formulas.

Green and Sustainability

STERIS's 'Green Leaf' is used on products that bring sustainable benefits to your facility, like water and energy conservation, waste reduction, providing a safer option for staff and patients, and extending the life of your investment.
